

## Tomasz Prazniowski

Full-stack developer and a 4th year IT student with a great passion for programming. I am a fast learner and confident working under stress in a high-peaced environment. I am good at paying attention to details and using my analytical skills to solve complex problems, always contributing with my energy and motivation to achieve goals. I am a team player with excellent time management and prioritisation skills.

Have experience with cooperating with industrial automation specialists in Oil and Gas industry. Creating Web Apps, database and OPC servers for their systems.
